PROPOSE UNIFORM MARKETING PLAN

Agricultural Leaders Open Important Conference on "Co-op" Marketing.

[By ASSOCIATED PRESS]

Madison.—Mutual cooperation between farm organizations, perfection of a cooperative council which will consider agricultural problems, and adoption of policies which will insure to farmers of the state just reward for their products and efforts were the principal measures advocated by the state Farm Bureau at a two-day conference of cooperative marketing and agricultural representatives here Tuesday.

The conference was called by the marketing department, state department of agriculture, and state college of agriculture, to consider the formation of a state cooperative marketing and agricultural council with representatives of all farm organizations.

"The purpose of this conference is to bring about a better understanding between the cooperative organizations of their mutual problems to determine if possible, what certain mutual educational principles and methods of farm councils whose work will be to sit in judgment on cooperative and other movements that are intended to better agriculture in this state," Commissioner Nordman declared in opening movements along safe and sound lines.

"It would be well also to discuss agricultural questions but which constitute some of the basic issues of agriculture.

—Jones Is Speaker

"Too many farmers do not appreciate the fact that cooperation at its best can effect only a small part of our economic system. Cooperation, to be sure, is an indispensable factor in getting things started in the right direction. The movement must just get behind cooperation and push it to the utmost. The movement cannot stop at cooperation. The farmer must have an intelligent understanding of his problems if we are to accomplish through organization and cooperation the improvement in agriculture that is needed."

—John W. Jr., state commissioner of agriculture, outlined the part which the state departments of markets and agriculture and the college of agriculture can play in a cooperative council movement. He declared that these agencies can cooperate with farm organizations and leaders of the state but that they do not carry out the actual marketing and other detailed plans of cooperation.

Formation of local dairy federations and selling agencies among condensery, milk, cheese and butter organizations was urged before the conference by Theodore Macklin, expert marketing economist of the state college of agriculture.

Prof. Macklin outlined the benefits of cooperative endeavor as follows:

"1. Cooperation gives farmers the net profits of marketing.

"2. It reduces the cost of marketing as far as this can be done.

"3. It improves old and creates new marketing services for its members.

"4. It readjusts standards of production and helps the farmers to understand what products pay best.

"5. It gives farmers confidence in the marketing system that they practice because they own it and control its policies.

"6. It convinces farmers that their products are marketed as well as they can be and therefore that their prices are as high as they can obtain.

"7. Cooperation, and the experience of those who practice it, has taught contractors the commercial point of view."

Other speakers on today's program include: McMenomy, Ella, Madison, of the Northern Wisconsin Tobacco pool; F. G. Swoboda, Plymouth, manager, Wisconsin Cheese Producers Federation; Herman W. Ullsher, Dodge county fruit growers' union; State Senator J. C. Schumann.

Watchmaking a Profitable Business for Young Men

GOOD paying positions are waiting for men who can qualify as watch and clock repairmen.

In every community, there is a place where competent watchmakers can become important personages of usefulness and service. The Courses of the Elgin Watchmakers College teach this intensely interesting and practical trade.

Young men, students between the ages of 16 and 20, who have good eyesight, steady nerves, good health, who have a good common school education, and who have a natural love for fine mechanical work, can master the technic of this fascinating vocation and earn good wages and permanent employment.

Elgin Watchmakers Are Training Men for This Trade

There is the same opportunity for you. If you have had some previous experience, this instruction will make you a Junior Watchmaker, a certified Watchmaker, or a Master of Horology, capable of repairing, adjusting, or making the most delicate parts of the finest watch, chronometer or clock ever built.

Students are now being enrolled.

Rock County Sugar Company Loses in Breach of Contract Suit.

A decision for the plaintiff in the breach of contract case of Otto Belching, Dodge county, farmer, against Rock County Beet Sugar Company, was handed down by Judge George Grinn in this week. The case was tried in the circuit court here and at the close of the testimony both counsels moved for a directed verdict, resulting in the case being taken from the jury and the decision made by the judge.

The defendant was found to exercise his rights reasonably and with due regard to the plaintiff's ability to comply with his part of the contract as well as his own interests and probable profits.

"The plaintiff is entitled to judgment against the defendant for the sum of \$2,311.43 and costs."

CHICAGO DAYLIGHT SAVING WILL START ON SATURDAY NIGHT

Chicago—Clocks of Chicago and Waupaca will be turned one hour ahead next Saturday night upon returning to be on time when daylight savings regulations become effective on Sunday. Suburban roads have prepared schedules effective Sunday to the new time, which also is considered for adoption in North Chicago and Zion City.

The plaintiff brought suit here above 65 pounds.

Out of the 144 cows tested, 66 pounds of fat were found for the month. The Rockwell and Katterhenry herd averaged 29.6 pounds and the A. E. Marsten herd averaged 27.1 pounds.

2,000 Miles of U.S. Aid Roads in Years Since 1917

Madison.—Approximately 2,000 miles of federal aid highways have been constructed in Wisconsin since 1917, according to a summary of road construction issued today by the state highway department. The report shows construction of all types of roads, other than the state roads, at 1,414 miles, at a cost of \$23,941,572.

The year 1921 was the banner construction year of federal work in the state, the report declares. In that year, more than \$7,000,000 of federal funds were expended on 555 miles of highways. Last year stands second in construction work, \$4,412,820 worth having been built with the assistance of federal money.

The major construction for last year, however, stands fourth, amounting to 314 miles.

General construction leads other types of federal aid work during the period, it is stated. The amounts of various types follow: gravel, 767.7; earth, 616.4; concrete, 338.5; mottles, 207; miles; macadam, 19 miles.

"It convinces farmers that their products are marketed as well as they can be and therefore that their prices are as high as they can obtain.

ANOTHER FILLING STATION PLANNED

Will Be Erected on Industrial Avenue, Near Chevro-
let.

With two corner "drive-in" filling stations completed in Janesville, one recently and two more in process of construction, a building permit for a fifth one has been taken out at the city hall by Fred W. Fairchild and construction is expected to be started.

The one will be located in the vicinity of the Chevrolet plant, at the corner of Eastern and Industrial avenues, and will be erected at a cost of \$3,500. The building will be 26 by 28 feet.

Second in That District

The builders of this station already have another under construction at the corner of Center Avenue and Riverside street, and operate a garage at the corner of Center and Western avenues. The proprietors are Fred E. Greer and Irvin W. Fairchild.

The Standard Oil company plans to erect another filling station on North Franklin and Main streets. Similar establishments were recently completed here by T. B. Goodall and Wadham's Oil company.

Other Permits Issued

Fenner Douglas has taken out a building permit for the erection of a frame dwelling, 26 by 28, at 322 Te-
race street.

Other permits have been issued as follows: Miss Anna Moose, 215 North Washington street, garage, 15 by 18, \$200; J. L. Dulin, 293 Center avenue, remodeling, \$300; Frank Glass, 1260 Grand avenue, garage, 14 by 20, \$125; George Powers, 419 North Washington street, garage, 18 by 29, \$200.

Licensed Dogs

Total Nearly 500

Continued effort on the part of police to round up owners of delinquent dogs has resulted in the issuance of 200 to 500 dog licenses in Janesville so far this year. Cards were sent to those owing 1923 dog licenses warning them that their names were being turned over to the district attorney for prosecution for not getting 1924 tags. The result was a sudden demand for licenses, whereas in the first two months only 200 had been sold.

Will Make Plans for Memorial Day

Plans for the annual observance of Memorial Day, May 30, are expected to be formulated at a meeting of the Sargent post of G. A. R., to be held at 2:30 p. m. Friday. As in the past, the local post will be in charge of the ceremonies with all other patriotic organizations assisting. A meeting with representatives of the other organizations present will be held, probably next week, it was said.

burden on the remaining property. In the cases of villages where there are many homesteads in comparison to the population, the small amount of property taxes and in justice will have to take up the assessment slack—for it is a golden rule of taxation that there is so much money to be raised, and some one must pay the bill, regardless of exemptions and possible spoliated assessments.

Date of Assessments.

"The assessor cannot raise or lower taxes," declared C. D. Ross, chairman of the Wisconsin tax commission. "The assessor merely spreads on the load—and he is not responsible for the load that is burdened on the tax payer." He pointed out the extensive building operations in the larger cities.

"In the case of agricultural property there have not been sufficient sales to ready establish value," it was stated. "The farmer is worse off than any time since the panic of '93. His land is not selling and has decreased in value and his products are not selling in proportion to the price he must pay for what he buys."

Tax Charts Shown.

Charts have been shown that brought out the taxing policy has been apparently founded on the idea of "all the traffic will bear." Instead of a conscientious effort to reduce taxes, the homestead exemption law is made effective in a misdirected effort to lighten the burden. Taxes have shown a 50 per cent increase in the last 10 years, and are still trying for higher taxation marks. The highway taxes have increased 165 per cent and schools 105 per cent in the last four years.

There was considerable argument over the assessment values on land. Farm owners declared these could not sell their land for what it was assessed for at the present time.

"I sell every acre I own for what it is assessed for right now," declared one assessor.

The Rock County Farm Bureau taxation committee attended the meeting and presented information that rural tax assessments were too high.

In They Got.

In the general discussion of taxes it was brought out that the receipts for Wisconsin were \$32,057,783 in 1918, jumped to \$119,274,136 in 1920 and soared up to \$179,181,983 in 1922.

The disbursements in 1918 were figured at \$56,718,951, in 1920, \$112,768,810, and in 1922 the balloon went up to \$172,670,363. There is a 62.75 per cent increase of 1922 over 1918 and 50.22 per cent of 1922 over 1920 in receipts and about the same for the disbursements.

CITY-WIDE CLEANING OF STREETS BECOMES FIXED INSTITUTION

Cleaning up and other refuse from the street has become a fixed semi-annual institution in Janesville, and the city trucks are now in the midst of the spring campaign. Late last fall the trucks and sweeper covered every street in the city picking up refuse and the same route is being covered this spring. Some difficulties have been experienced in getting up rubbish in the street after it has been thoroughly cleaned. The motor sweeper will be used continuously throughout the spring, summer and fall on paved streets but the plan is to make a general coverage of the other streets only in the spring and fall each year.

LAKOTAS VOTE IN RESOLUTION TO BACK GOLF

The movement for a public golf course in Janesville was given greater impetus when the Lakota club unanimously passed a resolution Monday night favoring the plan. That total 125 young men back of the scheme in one united body.

Such action shows that a community golf links would find instant favor with probable players. The Lakotas always are active in sports. The others they showed last year in baseball and kitchen ball demonstrated they are in favor of participating sports.

Most of these Lakotas would be seen out on the links. No greater support could be given the golf idea than to be promised the aid of a group of such lively young fellows.

It is quite probable that other organizations will follow the lead of the Lakotas.

Charles Fouton, president of the Janesville Young People's Association, Monday night that he thought the idea of putting a public golf link at Riverside Park is one of the first that has been advanced in Janesville for some time.

"It will be a great thing," said Mr. Fouton. "I think it would be popular at once and it would put the park to an excellent use. It would make the park at a place where people would want to go. I hope that it will be a success."

Other permits have been issued as follows: Miss Anna Moose, 215 North Washington street, garage, 15 by 18, \$200; J. L. Dulin, 293 Center avenue, remodeling, \$300; Frank Glass, 1260 Grand avenue, garage, 14 by 20, \$125; George Powers, 419 North Washington street, garage, 18 by 29, \$200.

"LITTLE ITALY" OF MADISON HARD HIT

U. S. Attorneys Win Convictions in Series of Boot-legging Cases.

A big dent was picked in Madison's "Little Italy" when W. H. Dugan, U. S. attorney for the western Wisconsin district, convicted a number of the capital's bootlegging jury with jail sentences as well as fines attached. The jury calendar of the U. S. court at Madison was completed this week.

Twenty-four prisoners were taken to prison to serve their sentences this week to give the government a clear federal term.

Domingo Chimaloca, former deputy sheriff at Hurley, caught by federal agents for setting moonshine while a deputy and giving protection to the agents in transporting the boot out of Hurley, was sentenced to 18 months in the federal pen. He jumped a \$2,000 bail, which was set by the government, fled into Canada, was caught and brought back to Wisconsin from New York.

Auto Thieves Sentenced.

William Marcott, St. Paul, was sentenced to two years and 10 months in the federal pen when convicted of interstate transporting of stolen automobiles. Allen Grotz, Cumberland, caught in New Hampshire, was given two years and four months of the same charge.

"Some of the aliens and natives at times get the impression that we have some favoritism," it was stated at the U. S. attorney's office here. "They thought they had a little world isolated from the rest of the state in which they could violate the law and laugh at authority. When a number of the leaders and most powerful offenders began going to jail, Hurley changed its mind."

Six Others Disposed Of.

Tony LaMonica, Madison, who operates the notorious Belvedere cafe, was given a year and \$100 fine in Madison. He will serve the time in the Milwaukee house of correction.

Dale Parish drew eight months and a \$200 fine; Arthur Corcoran, six months and \$300; Sam Wrend, six months; Tony Piazza, who runs a cobbler shop near the university, was given three months. Thomas McKeown was given two months in jail and a number of others sentenced to pay behind the bars for bootlegging.

statement, emphasized the effort which had been made by his committee to put its reparation report in terms of the utmost clarity—a factor which he believed had contributed notably to the support given the document.

"I have done all my talking," he said, in the report's report, which speaks for itself, and I don't intend to go into competition with it. Nothing I could say would make clearer. It is a document prepared by men who recognized that the obligation to make it understandable to average people was as binding on them as it was on themselves.

This sense of obligation has not always characterized those who have drawn up documents of similar importance, and I attribute the widespread support it is receiving as much to its clearness as to its common sense."

PLAN APPLICATION OF EXPERTS FUND REPORT

Paris—Louis Barthou, president of the reparation commission, had a long talk today with Premier Poincaré concerning the methods of procedure in putting into effect the reparation program outlined by the General Davies' report. They agreed that his for the reparation commission to proceed first with the organization as far as the commission's jurisdiction goes, after which the interested governments will deliberate on the points they must decide.

The premier's letter to M. Barthou, it is said, in official circles, was not yet issued formally, but by the French government, M. Barthou will probably bring the letter before the reparation commission tomorrow, when it will be decided whether it shall be published or not. It is believed the letter will not be given out unless similar documents from the British and other allied governments are also published.

The letter contains the necessary information to be used as a basis for a new reparation settlement.

Reports from New York that an American would be chosen to supervise the putting into effect of the experts' reparation plan were found impossible of confirmation here to-day.

Evansville—Arrangements are being made for a large attendance of high school students from here at the district track meet and oratorical contest to be held at Clinton, Thursday. Miss Elizabeth Baldwin and Francis Hyne of Evansville chapter No. 35, R. A. M. will meet Tuesday at 7:30 p. m. Rebekah Lodge No. 87 will meet Wednesday at 7:30 p. m.

The movement for a public golf course in Janesville was given greater impetus when the Lakota club unanimously passed a resolution Monday night favoring the plan. That total 125 young men back of the scheme in one united body.

Such action shows that a community golf links would find instant favor with probable players. The Lakotas always are active in sports. The others they showed last year in baseball and kitchen ball demonstrated they are in favor of participating sports.

Most of these Lakotas would be seen out on the links. No greater support could be given the golf idea than to be promised the aid of a group of such lively young fellows.

It is quite probable that other organizations will follow the lead of the Lakotas.

Charles Fouton, president of the Janesville Young People's Association, Monday night that he thought the idea of putting a public golf link at Riverside Park is one of the first that has been advanced in Janesville for some time.

The Lakota club, association will hold a food sale at Smith's meat market Saturday, beginning at 1 p. m., to raise funds to finance the nutrition class at school.

The American Legion Auxiliary will meet in Legion hall, Tuesday at 7:30 p. m.

The Woman's Misionary society of the Congregational church will hold a business meeting immediately after a prayer meeting, Wednesday night.

Porty attended the business men's luncheon Monday noon in the Commercial club rooms. Ornamental floral and fruit display was discussed.

The W. C. T. U. will meet in Library hall Friday afternoon.

Miss Violet Harper, student-nurse in the general hospital, Madison, spent the week-end here with her

parents, Mr. and Mrs. Frank Upson, son of Mr. and Mrs. Matt Upson, son of Mr. and Mrs. Matt Upson, occurred at St. Paul's Catholic church, Monday at 6 a. m. They were attended by Mrs. Nellie Steele, sister of the bride, and John Moore, a cousin of the groom.

Mr. and Mrs. Frank Upson are moving their household goods to Janesville where Mr. Upson has accepted a position.

Harold Becker, student at Valparaiso, Ind., is spending spring vacation with his parents.

Miss Gertrude Hindson is visiting Milwaukee.

Mr. and Mrs. George Dewey and daughter, Marjorie, Janesville, were guests at the A. W. Helm's home Sunday.

The members of the W. C. C. will attend the funeral services of Mrs. Jennie Neiphil, Findlay, Ohio, which will be held at 1 p. m. Wednesday at Tellico Springs meeting rooms.

The Knights of Pythias were entertained at a 6:45 supper Monday night at the lodge rooms by a committee composed of F. G. Paul, Dickerson, Harry Maltress, Arthur Larson, Lynn Wood, Archie Davis, George Parer and George Lyons. A regular meeting of the Knights of Pythias, Inc., Thursday, was postponed.

Highway workmen for the county are given transportation from the city to Janesville to and from the road work. On June 14, 1923, Casey road was working on the Evansville detour road and was instructed to ride back in the automobile owned by R. W. Van Duse as the truck was stuck. Enroute to Janesville, the steering gear of the Van Duse car broke with the result the machine was ditched and Casey suffered a fracture of the leg bones.

Following a hearing before the investigating committee, Casey was awarded compensation and medical care as a temporary award. The county carries compensation insurance and the Employer's Mutual liability company, Wausau, brought suit as the result of the award in the Dane county circuit court. Attorney Paul Gruber appeared for Casey and the mutual compensation company. The case was adjourned until June 20, 1924.

Miss Kathleen McIntosh, Chicago, and a college friend, Miss Aileen Oderberg, Amarillo, Tex., are spending Easter vacation at the William McIntosh home.

Miss Eva Neenah, Wisc., is visiting relatives here.

Miss George Blanchard entertained the New Century club at her home Monday evening. Following the regular meeting, Miss Clara Johnson, who expects to leave soon for Honolulu, where she will teach, was presented with a farewell gift. Refreshments were served.

13 BOYS QUALIFY BIBLE EXAMINATION

Thirteen of the 15 boys who took the International bible study examination at the Y. M. C. A. here last week, as a conclusion to the weekly discussion work throughout the winter, qualified and their parents were given the International certificate.

Mr. and Mrs. Ernest Miller, Madison, spent the week-end with their parents, Mr. and Mrs. A. E. Turner and Mrs. John Miller.

Mr. and Mrs. Frank Wilder and daughter, Virginia, Miss Wilder, and Herbert, son of Mr. and Mrs. Wilder, were guests of their parents, Mr. and Mrs. William Heron.

Miss Ada Black and Allen Mitterell returned to their home in Montello Tuesday after a few days visit with Mr. and Mrs. John Bly.

Miss Charles Barnum spent Easter in Madison with her son, Roland.

Mr. and Mrs. M. H. Goldsberry and daughter, Mildred, spent Easter in Madison with their mother, Mrs. John Wurme and family. Their brother-in-law returned with them.

Mr. and Mrs. Ernest Miller, Madison, spent the week-end with their parents, Mr. and Mrs. A. E. Turner and Mrs. John Miller.

Local ladies spent Sunday with their mothers.

Mr. and Mrs. Vincent L. Landon, Portion, entertained Mrs. Ellen Landon and Marie of Janesville; J. Clement Leudde and S. F. McDermott, Madison, at dinner Sunday.

Miss Anna Olson, supervisor of teacher, and Miss Marie Landon, of the community department of the Y. M. C. A., were guests of the Waukesha Y. M. C. A. on Saturday.

Postponed Game.—The postponed game in the grade school baseball league between the Grant and St. Paul schools will be played after school Tuesday.

CALENDAR MEETING.

Hebron—A club meeting was held at the school house Saturday morning, conducted by County Agent J. M. Clegg, W. M. McNeal, R. Frost and M. C. McNeal of Madison attended.

Anton Stary will have charge of these meetings.

LEVI BEER, CIVIL WAR VETERAN, DIES

Had Record of Service as Contractor on Many Public Buildings.

Levi Lee Beer, 82, active in the building and finishing of many local buildings, and a resident of this city since 1855, died at midnight Monday at the home of his son, Clarence P. Beer, 805 Court street, after an illness of 3 weeks.

Levi Lee Beer, son of Abram and Mary Beer, who came to America from England in 1829, they settled at Syracuse, N. Y., where their son, Levi Lee Beer, was born in 1841, the youngest of 12 children, all of whom are deceased. The family came to Janesville in 1857 when Levi was 14 years old. In 1857 Mr. Beer joined the Union church, became baptized in Rock river, organized Military Company.

When the Civil war broke out and the call came for 50,000 volunteers, Mr. Beer organized a company at Fond du Lac of which he was elected captain. Waiting for service to be called, he kept his little company at the home in Fond du Lac until his own summons. At last his money gave out and he was told at headquarters that the company would not be called for a month yet and probably not then, for the war was not expected to last long.

The little company disbanded, patiently waiting to be called, and Mr. Beer joined the First Second Wisconsin volunteers. This regiment was sent on guard duty, being stationed to guard the Jackson-Ridgeway railroad in Tennessee. After a year's service, Mr. Beer became ill and was discharged. United for active service, he spent a year in southern Wisconsin stamp speaking with General Bragg, getting recruits for the army. He re-enlisted in the last call and served until the close of the war.

Worked on Many Buildings. A building contractor by trade, Mr. Beer had a hand in the completion of many of the public buildings in this city and elsewhere. He built the church at Emerald Grove, the school at the present Y. M. C. A. building, the interior work at St. Patrick's Congregation and St. Paul's churches, and also completed the steeple work on the latter church. He built and erected the old dome on the capitol building at Madison and did the interior work on the first Pullman coach ever turned out of the big shops at Omaha.

The marriage of Levi Lee Beer and Miss Mary Laurentine Martin took place in 1868 at Star Landing, N. Y. Mrs. Beer passed away five years ago. Four children survive—three sons and one daughter, another daughter, Ethelene Beer, having died at the age of four. Those who survive are Mr. Beer, Grandpa Clarence P. Beer and Miss Mary M. Beer, this city; Miss H. Beer, Chicago.

The funeral will be held at 2:50 Wednesday afternoon at the C. P. Beers residence, 808 Court street. The Rev. Robert A. MacMullen, Baptist church, will officiate. Burial will be in Oak Hill cemetery.

ATTEND WEDDING ANNIVERSARY FETE

Footnote—The families of John Gerber, William Preble, Louis Kopplin, Paul Bratzke and George Kopplin went to Beloit on Saturday, April 20th, to celebrate the anniversary of Mr. and Mrs. August Kopplin's 22 relatives and friends surprised them at their home. Among the Beloit relatives present were Mr. and Mrs. Julius Ahl, Mr. and Mrs. Frank Kopplin and Mr. and Mrs. Joe Manziva. Refreshments were served and the evening was spent in dancing. A purse of money was presented to Mr. and Mrs. Kopplin.

DUNWIDDIE CALLS AT GOVERNOR'S OFFICE

District Attorney S. G. Dunwiddie went to Madison Tuesday, in the hope of having extradition papers for Arthur E. Anderson signed by Governor John J. Blaine. The next step will be taking or sending papers to Springfield, Ill., to have them signed by Governor Len Smith. Anderson is being held in Rockford, Ill., on a legal statutory charge.

Schools Re-open.—Normal attendance marked the re-opening of the city schools Tuesday morning following the four day Easter vacation period.

Lake Mills Sale Draws Shoppers

Lake Mills.—One of the most successful projects ever fostered by the Lake Mills business was the Dollar Day sale here Tuesday which brought a large number to the village.

The stores were especially decorated for the occasion.

A feature was the community auction held during the afternoon, when any article brought to the stand was sold with no charge for auctioneer.

About one-half of the high school students and all of the grade teachers will return next year. P. Faik, athletic director, will go to Stoughton next year as the principal of the high school. Mr. Faik has been teacher in the Lake Mills high school four years.

The baseball season has started and the schedule has been made. Games are weekly, played in order to meet all teams. Lake Mills will play Whitewater the coming Friday.

Every Friday motion pictures are given pertaining as nearly as possible to school work. This week the "Cricket on the Hearth" will be shown.

June 6 is the date set for commencement.

One Injured in Beloit Road Wreck

Melvin Leach, 20, of Beloit, in the Beloit Emergency hospital with a badly injured head, as the result of a bad smashup at Yost's park of an automobile owned by Adolph Roth, Beloit, and driven shortly after midnight Monday.

Roth and two young men, who were other passengers of the motorcar, escaped injury when the car crashed into a telephone pole.

The car was hauled to a Beloit garage, and Leach was taken to the hospital. He will be released within a short time.

SAYS AMERICANS PRONE TO IMPULSE

Snap Judgments Great Fault, Declares Dr. Irving Maurer Before Rotarians.

Americans as a people are prone to snap judgments and a situation therefore has arisen that is serious, declared Dr. Irving Maurer, new president of Beloit college, in a talk before the Janesville rotary club at noon Tuesday at the Grand hotel.

The educator, who for five years was pastor of the Congregational church at Northampton, Mass., where President and Mrs. Coolidge were members, stated that about one percent of our emotions are costly, for we have gone off half-cocked from emotional reaction.

PLATE CONSTITUTION

Speaking about the constitution and the amendment, Dr. Maurer pointed out that many of those self-same people who are sensitive about the success of the constitution go out and flout it when they violate the 18th amendment. He asserted that if we are so earnest in upholding the constitution, we must enforce it, no matter what we believe.

He said that time may be spent in discussing the 18th amendment, but the violator is not better than the law.

Speaking about the Japanese situation, Dr. Maurer said that snap judgment misinterpreted Ambassador Hanford's phraseology, and that instead of going off in unbalanced criticism, the people of the United States should have listened when Senator Hughes recommended the "gentlemen's agreement" be retained.

Speaking of patriotism and the way people go up in the air when certain words are mentioned, such as patriotism—peacemakers. "Any man should be able to get up and say he believes in keeping peace and be considered just as patriotic as the man who gets up and shouts 'No war,'" said the college man. He denied movements that rush across the nation based on religious suspicion.

Mentioning President Coolidge, Dr. Maurer declared the president is not going to run off half-cocked.

The educator said during his talk that he had the communities of the Rock River valley and Beloit, college, trying to do in fitting young men and women through cultural education to take up the tasks of life. He praised the Rotary idea as one which puts ideals into business.

Get the Land Sharks in Jail.

Senator Norris is most timely in calling large
public attention to the land sharks and the fraud-
ulent land sellers. They are making money from
a new crop of the well known easy-mark, by
selling lots in the chimerical city of Muscle
Shoals. Lots on farm lands in Alabama any-
where within a hundred miles of the place where
the government has a large and profitless Jonah
on its hands, reflect of the way gaffers are ped-
dled. The Gazette long ago, with other papers
all over the country, nailed this scheme with
generous publicity. The operators were here in
Janesville and there are a few Muscle Shoals lots
owned in this city as well in the surrounding
territory.

No matter where you go you can pick up a
victim of the land shark. We can remain in Wisconsin
and do that. We have sold many thousands
of acres of worthless cut-over lands to people
from large cities who did not know a grub hoe
from a potato digger and never found out. Millions
of acres have been sold in Texas, out in
the desert country or in the waterless sections
where irrigation has been promised and fulfill-
ment has been impossible because there is no
water.

Wildcat stocks are sold and victims plucked
because the birth rate of the foolish keeps at a
high percentage. But most of these stock
victims have a place whereby to earn a living and
can get on even with the loss in the foot's spec-
ulative market. On the other hand when the man
in the city has bought a piece of land and moved
on it, with all his bridges burned behind him,
he is in a bad way—no resources and no way of
getting back home. Land frauds are full of such
tragedies and we certainly can do no better than
to send as many of the sharks to jail as we can
get hold of and convict. Here in this section
again we have had a bitter experience with the
one land company which has been tried in the
federal courts largely on the actions begun by
citizens of this vicinity and the chief officers
have been sentenced to prison. But the Stewart
Land Company is not the only one concerned
in cheating the people. Stewart is free on bail,
fighting with every technicality his attorneys are
able to produce to remain out on his appeal.

We are washing out most of the shady land
deals in Wisconsin but there are still some lands
being sold that would never produce enough to
buy the stamp to send the deed back to the
shark who made it out. For these we should have
no mercy.

Some of these war objectors not only do not
want to hear "The Stars and Stripes Forever,"
but they refuse to hear at all.

Foot and Mouth Disease.

Wisconsin is fully justified in taking every pre-
caution against the spread of the foot and mouth
disease. The last time the animals of the coun-
try were attacked, the loss reached into millions
of dollars. Arizona has placed a serious stop
to the auto tourist traffic causing much hardship.

We are so used to traveling in this country
over long distances paying no attention to
boundaries either state or county, that anything
of this nature easily pees us. We want to keep
right on going regardless of regulations or laws.
Also it is understood that many of the tourists
coming east had spent about all the money they
had in California and were so badly broke in
that a half a day or so meant hunger
and lack of gasoline to finish the trip. Of course
Arizona is entirely within her rights in stopping
tourist or any other traffic until the necessary
precautions of fumigation have been taken. A few
days of discomfort is nothing to the possibilities of
the spread of the deadly cattle killer disease.

Those hair pulling matches at Madison among
the Women's Progressive League are not half so
interesting since the barber bobbed the hair.

The Soviet Recognition.

It must be pleasing to those members of the
American Federation of Labor, who agree with
Samuel Gompers in reference to Russia and equally
as disagreeable to the followers of the Fosters
and Ruthenbergs, mouthpieces of the Russian
communists here, to see how the Labor party repre-
sentatives of Great Britain are handling the so-
viet ambassadors who are in London to arrange
some sort of treaty prior to recognition either for
trade or in diplomacy.

The warning of Ramsay MacDonald, supported
by other members of the Labor government, that
the representatives of the bolshevik would not
attempt any propaganda while in England, has
been a blow to the communal aspirations of the
soviet. The keynote of Mr. MacDonald's ad-
dress of welcome was "we want recognition of
international obligations." That was what Mr.
Hughes said though not so bluntly. We want
Russia to pay her debts. Mr. MacDonald and the
labor government wants Russia to pay \$70,000,-
000 of private obligations. \$1,750,000,000 for
damages to British commercial properties in
Russia and \$1,000,000,000 claimed as personal
damages by British subjects. Nor will Russian
counter claims be even discussed by Mr. Mac-
Donald.

This is rather upsetting to those who have been
advocating Russian recognition here in America "on the same terms," which were hoped would

PAINTINGS OF ANCIENT SHIPS

By FREDERIC J. HASKIN.

Washington.—Among the magic words that
have the power to thrill mankind are those suggesting
the romance of the sea and old ships. Even to mention in cold print Greek war triremes
and Dutch galleons, scarlet hulls, embroidered
sails, cargo's from the East, tropic winds and
unchartered waters is to call up visions of pure
adventure.

Now, for the first time, the story of man's con-
quest of the sea has been told with paint brush
and palette. Paul Farnham, artist, sailor and
scholar, began the task 14 years ago. His plan
was to begin with the sturdy little galley of the
daring Phoenician traders and to trace the develop-
ment of marine commerce up to the time when individual craftsmanship gave way to
science and machinery.

The series of pictures represented a formidable
undertaking. The ships of the ancient and medi-
eval worlds were long ago sunk or scrapped. A
start from this one and a tattered torn that re-
main. Little museum models that are more or
less faithful reproductions show details and pro-
portions of some of them.

The artist who knows and loves the seas,
however, each fact and souvenir that can be
found is significant. He can look at a broken
piece of a ship's hull and reconstruct the vessel.
His process is much the same as that of a scienti-
tist who digs up a jawbone and by studying its
proportions and condition reconstructs an ichthy-
osaurus or some other prehistoric monster.

With a scientist's passion for accuracy, Farnham
hunted European museums and historical
societies. He studied manuscripts and old prints
to verify his facts. He aimed to paint his ships
with technical exactness down to the last detail
of rigging, color, and ornamentation. But he
wanted to go further. Each ship was to be shown
as it looked on the day of sea that it really knew,
The Aegean swept by an approaching storm
has an entirely different atmosphere from a
treacherous Norwegian bay with rocks hidden in
its swirling gray waters. Farnham's seas range
from cold turquoise green to a twilight purple.
And on the colorful waves toss the colorful little
ships of civilizations that had not discovered the
efficiency of gray paint.

For the most part the pictures show specific
vessels of history—such as the Golden Hind,
Queen Elizabeth's favorite ship—and each one is
depicted, at some particular moment of its ad-
venturous career.

Thus, when the artist planned his picture of
one of the crusader's ships, he looked up the
weather records. He wished to show the flas-
hup of Richard the Lion Hearted as it sailed out
of Dartmouth Harbor toward the Bay of Biscay
on its way to the Holy Land. He found that the
night of April 14, 1199 was clear, and the moon
was high. So his medieval galley moves over
calm, moonlit waters.

When he painted the Santa Maria, the flag-
ship of Columbus, he painted it as it looked on a
rough sea, heading due west about 2 p. m., Thursday,
October 11, 1492. Tiny sailors on the decks are
shown pointing to sun gulls, land birds, and
a bit of palm floating on the water. America
was almost in sight.

Running through the series of pictures is the
theme of the ship's evolution. The sort of
changes which would be made in 10 or 15 years
now would have represented centuries of progress
in early history. The ship of the crusaders had
no cannon. Columbus' vessel had one gun, and
that was for the purpose of salute. The Grand
Hermine, celebrated French galleon of the six-
teenth century, had six guns.

Craftwork and ornamentation developed, and
became prominent features of the ships of other
days. The painting of a Viking trade ship of
the eighth century displays the familiar shield of
the Norse prince of that period rescued a princess
and killed a dragon, and so a dragon's head was
carved out on the oak prow in honor of his victory.

This ship which the artist chose to paint is also
ornamented by a band of carving. A discharged
workman had hacked at the unfinished hull to dis-
figure it, but the prince who owned it mistook
the cuts in the wood for decorations and ordered
the design completed.

In such ways as these ships gained personality,
and strength of shipbuilding arose. The Spanish
galleon, Spitfire, shown rounding the Strait of
Magellan with a cargo of jewels and plate, was
not afraid to display a vivid scarlet hull, mast, and
sails. Camoufage was 300 years in the future.
Queen Elizabeth's Golden Hind had a bright yellow
and blue hull, blue masts and spars, and the
prow was richly ornamented in gilt. Mr. Farnham
has stopped there, at the height of the ship's splendor.

He was not satisfied with painting his famous
ships accurately. He wanted to reproduce in ev-
ery way the spirit of the sea, the ship, and the
weather. Accordingly he painted each picture on
wood, instead of canvas. His flagship of Colum-
bus is on a plaque of Spanish cedar, 24 by 30
inches. His Viking trader is on oak, and his
Phoenician merchant galley is on eucalyptus wood.

On the back of each panel he painted a chart
or map to show how much the mariners of the time
knew about the world and navigation. Around each unframed painting he added as a
final touch a narrow border design typical of the
conventional art of the ship's period. In some
of these borders are painted miniatures—Queen
Elizabeth, Columbus, and also coats of arms.

The result of all of this attention to historic
detail is the series of 12 paintings which have
been on exhibit at the Corcoran Gallery of Art
in this city. Eventually the paintings will
doubtless find their place in some museum. The
suggestion has been made that they should be
added to the new headquarters of the Chamber
of Commerce of the United States as a vivid
reminder to modern commerce and its picturesque
and significant past.

also to be noted that we have not had that same
agitation over recognition since the pronunciamento
of Zinovjev who called Secretary Hughes a
liar and denounced Rapuany MacDonald as a
blackguard. But the forces of the Communist
International are at work and we shall see all the
elements which are active underground come to
the surface at the meeting in Chicago and later at
St. Paul, Minn.

There will be present that person, Ruthenberg,
who, tried under the syndicalist laws of Michigan,
was convicted and is now out of jail, waiting the
appeal of his case, and all the others who love
to call themselves "reds." It is one of the pecu-
liar tricks of fate that Ruthenberg was a
backer of Senator Wheeler of Montana.

Mrs. Hamon-Rohrer, widow of Jake Hamon,
says Jake did not want to be secretary of the
interior and about all that has been said about
her late husband are lies. "I hate to go down
to Washington and be in the same room as those
crooks, Al Jennings and Gaston B. Means." But
she will have to be in the same room with the
senators who have lapped up the testimony of
Jorgens and Means as a cat would milk.

HOROSCOPE

WEDNESDAY, APRIL 23, 1924.

Astrologers read this as a rather fortunate
day, for the sun and Saturn dominate in bene-
fice aspect.

It should be a most fortunate rule under which
to obtain employment in any of the big indus-
tries.

The sway is ready, as lucky for men in author-
ity, for all who wield power over human de-
signs are supposed to be helped.

Take care in the planetary government may
not be so fortunate as to be in the best position
of the stars and under the planetary government may
expect many concessions from employers.

The great will receive support from the hu-
mane and they who are poor will profit from the
advances of the rich, the seers prophesy.

President Coolidge should benefit from this
rule of the stars which makes for interchange of
favors among many persons who are friendly
to him.

One of the signs of the times appears to fore-
shadow the advancement of a leader of work-
ers, or an important position.

Real estate should be active during this rule,
and in many cities there will be renewed interest
in home-buying.

Again warning is given that to be either a
borrower or a lender may result most unsatis-
factory at this time.

Neptune today is in a place which appears to
promise a new outbreak of interest in oil mat-
ters and one that will not tend to restore public
confidence.

An editor is to receive honors in the coining
of names and may be that he will succeed a
famous diplomat in his country.

Education again will focus attention and the
universities are to give the nation reason to be
proud of their achievements.

Persons whose birthday it is have the forecast
of a very fortunate year. Those who are em-
ployed probably will be promoted.

Children born on this day have the best pos-
sible augury. These subjects of Taurus can
certainly help succeeding in whatever career they
choose. Girls will marry happily and should
never need money.

Occasionally a baby grows to be a man in
spite of his parents.

A clean water supply is the greatest single
factor in the promotion of good health.

It's not the gold that we inherit—

For that is just a form of tin:

It's healthy blood that hath the merit.

And makes this world worth livin' in.

He is the twin of DORA MARILIN, daughter of an eccentric millionaire, and her quest on a big show place on the Florida Keys.

HOWARD LOEKE, son of a big business man, who takes Newcombe to Rummel to Florida on his steam yacht. He falls in love with Polley.

"Yes," said Jolly Wickes, "I told her and she said she knew he sometimes got into a bit of mischief, but night for a number of nights, and out that strangely enough, Polley got out, but each night until finally it would be just before daybreak when he left the house—and then after that, for a long while he wouldn't go out at all. She said she had never given her father any inkling that she knew, and he never put any restraint upon him. As I have told you, the doctors have warned her about and what she is more afraid of than anything else, is arousing any suspicion in her father's mind that he requires watching or is being watched. There is the danger that he might become violent. In fact, it is almost certain that he would under such conditions. Doctor Daemer said."

"Hm!" commented Captain Francis Newcombe.

A chair creaked within; a footstep sounded on the floor approaching the door.

And Howard Loewe retreated quickly around the corner of the boathouse.

It was dark in the room, save where the moonlight stole in through the window and stretched a silvery path across the floor until, in a strange, nebulous way, it threw into relief the shapes of the four boys against the opposite wall. And in the glass a shadowy picture showed: The reflection of a man's figure seated in a chair, but curiously crunched as though about to spring, the shoulders bent, a little forward, the head outthrust, the elbows outward, stretching wide, the hands clenched upon the arms of the chair. And then suddenly, with a low, snarling oath, the more vicious for its repression, the figure sprang from the chair, and stood with face thrust close against the mirror.

It was Captain Francis Newcombe.

"TIZ" GLADDENS SORE, TIRED FEET

"Tiz" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, calluses, blisters and blains.

"Tiz" draws out the acids and poisons that put you out. No matter how hard you work, how long you dance, how far you walk, or for long you remain on your feet, "Tiz" brings restful foot comfort. "Tiz" is wonderful for tired, aching, swollen, smarting feet. Your feet just tingle for joy; shoes never hurt or seem tight.

Get a box of "Tiz" now from any drug or department store. And foot toots forever—worn, aching, shoes, keep your feet fresh, sweet and happy. —Advertisement.

FOR YOUR BACK AND KIDNEYS

You Will Have Vigorous Vitality If You Follow This Advice.

Elou Claire, Wis.—A year ago I was greatly distressed with kidney and bladder trouble. I visited Dr. Pierce's "Auriculotherapy" Clinic. The treatments gave me so much relief that for a whole year I had no trouble of the sort. Recently I had a slight touch of the same ailment, I again took Dr. Pierce and am glad to say it gave me relief as before. I highly recommend Dr. Pierce's "Auriculotherapy" to all who suffer with kidney and bladder trouble.

TODAY'S RECIPES

Boston Roast—Take one can kidney beans, salt, one-half pound grated cheese, and one-half pound bacon. Mash beans or put them through a meat grinder. Add the cheese and sufficient bread crumbs to make the mixture stiff enough to be formed into a loaf. Place in buttered baking pan and bake in moderate oven. Baste frequently with one-half cup hot water, in which one tablespoon sugar is melted. Serve the roast with tomato sauce.

Fruit Salad—Take two oranges, three bananas, one-half pound dried grapes, 12 English walnuts, one head lettuce, French dressing. Peel oranges and remove pulp separately from each section. Peel bananas and cut in one-fourth inch slices. Remove skins and seeds from grapes. Break walnuts in pieces. Mix well prepared fruits and arrange in bowl. Serve with French dressing.

Meat Loaf—Wipe three pounds lean veal and remove skin and membrane. Chop finely or force through meat chopper, then add one-half pound salt pork (also finely chopped), six common crackers (rolled), four eggs, salt and pepper. Beat well, add two tablespoons lemon juice, one lemon, salt, one-half teaspoon pepper and a few drops onion juice. Pack in a small bread pan, smooth evenly on top, brush with white of egg, and bake slowly three hours, basting with one-fourth cup pork fat. Prick frequently while baking, that pork fat may be absorbed by meat; cool, remove from pan and cut in thin slices for serving.

Cheese Balls—Cheese balls served with tomato soup and sandwiches of plain bread and butter, with a fruit dessert, form a meal. Take one-quarter cup flour, three-quarters cup grated cheese, one-quarter cup milk, four eggs, salt and pepper. Beat well, add other ingredients and bind with one-fourth cup finely chopped nuts. Add green celery stalks with the cheese mixture and bind with small pieces of bacon. Serve on lettuce leaves with French dressing.

Toothache Blends More Out Quickly—Toothache stands no more chance of lasting after "EZ" Tooth Filler! It is applied in the cavity than a chunk of ice has of lasting on a hot stove. It is a quick, effective, painless, non-toxic. The "EZ" stops and stays "strong while "EZ" acts as a regular filling in all you get. You go to a dentist for a permanent job.

It is not merely a temporary relief, either, but a real relief for the tooth which has been cut in two. "EZ" is the only tooth filler in the world that can be applied in a moment and costlessly. It is sold at your druggist's at 25¢ a bottle, or sent direct upon receipt of price by the Chas. A. Bernheim Drug Co., 1100 N. Ave., Chicago.

For sale and recommended by all dealers.

YOUR BABY and MINE

By MYRTLE MEYER ELDRED

Mrs. Eldred is happy to advise you in matters about the care of their children, anything, or on any subject which does not belong in the field of the doctor.

the child is being fed. Why not try another doctor if this one is not proving successful and you feel dissatisfied?

Mrs. C. W. L. writes:

A two-month-old baby is having a colic attack. He cries all day and cries so much, his bowel movements are very green. I do not seem to have much milk for him. He can hardly wait three hours, as he is so hungry. What can I do to help him gain faster?"

Answer:

A treatment for colitis is purely individual and no one but the doctor in attendance can possibly help you. Sometimes an adult is helped by feeding large quantities of bread and bulky food so that the colon becomes packed. You told me nothing of how

who is engaged to go to church with another young man, but the girl who is not engaged is free to go with whom she wishes to. Yes, it is considered all right for an engaged couple to kiss and put their arms around each other.

Mrs. C. W. L. writes:

A two-month-old baby is having a colic attack. He cries all day and cries so much, his bowel movements are very green. I do not seem to have much milk for him. He can hardly wait three hours, as he is so hungry. What can I do to help him gain faster?"

Answer:

I would suggest that you give the baby a complimentary feeding of diluted milk, with fresh green vegetables. It is plain enough that the baby is hungry. Give an ounce of a formula (after each feeding) consisting of one-third milk and two-thirds boiled water. Nurse first and then give the bottle. Increase it to an ounce and one-half teaspoon as he can take that much after a feeding. Keep the same proportions.

N. B. L.—Bolbed hair continues in favor. With full face I should think the part on one side would be the most becoming way for you to wear it.

A. C.—To bleach superficial hair with peroxide, apply it after bathing. And be sure that soap peroxide is fresh. It loses strength if kept for a long time, after it has been unused.

Trouble—The preparation that you mention is a trade mixture, so I do not know what it contains. You should be advised by your doctor before you do anything about the goiter. Iodine is antiseptic and it is said to relieve soreness.

American Girl—The girl who is 17 years of age, height five feet four inches, should weigh about 120 pounds. Your weight should be 110 pounds.

Massage your scalp every day to make the hair grow.

Thrush—Consult the doctor about your condition. You have only aggravated it through taking these baths. This comes on as soon as you have been married next month. Just a few days ago I told him I really couldn't marry so young and leave my dear mother, for she is 60 years old and I am the only girl at home and so I figure she needs me.

My friend understood and said he would be willing to wait, even forever, and I know he really meant it. This last week I have let a couple of my boy friends take me home, from down town. I told him, and he was very much hurt. Of course, he wouldn't do it again, but last Sunday a girl friend and I were down town. We saw him out riding with another girl which hurt me very much. He came to me in the evening and said he really did it to get even. I believed him at the time but Monday I wrote him a letter and told him I never wanted to see him again.

I have been going with another boy, but he said the other girl he has been taking has been behind his back. He is very good to me, but I am afraid he is not good for me.

Wednesday night my friend came over and he really wanted me to forgive him. I could have forgiven him for going with the other girl, but not for talking about me, but he could not tell him that. He asked me to give him another chance, but I wouldn't. I told him I would go.

Rules for the Engaged—Dear Mrs. Thompson: We are two boys, 16 and 17. We have been going to two girls whom we've very fond. These come on as soon as you have been married next month. One of them likes me, and seems to be in love with me. The other likes one girl as well as the other and seems to be in love with me. Is it all right for us to go to church with other boys? Also is it all right for the engaged couple to kiss and put their arms around each other? E. L. and D. C.

It would not be right for the girl

with him once in a while, but not always. This would not do, but he was a girl that he would always speak a good word about to everyone.

I have been heart-broken since we parted and I am willing to give up everything and be true to him, but I fear it is too late now and that I would be making a fool of myself if I go back.

Dinner Stories

The man entered the store and looked around with rather puzzled expression.

"Is there something you want?" a clerk asked.

"Well—yes," the man replied. "I am—that is, I would like to get a

book suitable for a man—er—about to get married."

"Yes, sir," the clerk answered. "Here, Mr. Buford, show this gentleman some of our large size pocketbooks."

A shell-shocked soldier in Germany was released from a smitinhund camp. He was driven to the railway station in taxi, and the chauffeur said:

"It cost you 200,000,000 marks for this ride."

The soldier thought, "If the man crazy, or am I crazy again?"

TODAY'S MARKET

GRAIN

Chicago Review.—Chicago's Durham wheat lay-
ers on the market for the week, today, during the early dealings, Washington reports in regard to the outlook for proposed farm-enactments were given the most attention, and with the new legislation in the bushels. At least, tem-
porarily, price decline failed to bring about any notable increase of demand. The opening, at 8:30 a. m., with May \$1.054, and July \$1.054, was followed by slight further setbacks.
In some cases, however, a moderate rally took
place owing to the fact that for a
while the corn market showed
strength. Wheat closed unsettled, 3
cents higher, May, \$1.054, and
July \$1.054, 100c.

LIVESTOCK

Chicago.—Hogs: Steady; uneven, but
the lowest most of the off-butchers
and 100c. up, May, \$1.054, and
July \$1.054, 100c.

Corn and oats: A tendency, after
being sympathetic with wheat, to
lose some of the market leaders
and a little decline all around.

Offerings became scarce later and
the market made a sudden upward
turn. The market, however, which is
still shipping demand, was able to
show enhanced somewhat. The close
was nervous, at the same as yesterday,
but finished to the lower, May, 77c, 6
cents, and July, 77c, 6 cents.

Provisions: Steady as a result
of lower quotations on hams.

257 ROCK COUNTY STUDENTS AT U. W.

7,389 Enrolled from Wisconsin

—Rock Is Third, Jefferson Fourth.

The 71 counties of Wisconsin sent 1,033 different students to the University of Wisconsin this year, according to figures prepared for the university catalog. Of the total, 4,351 were men and 2,868 were women. This total includes 5,697 for the regular year (3,722 men and 1,975 women); 1,124 for the summer session (602 men and 522 women); 25 federal board students; and 222 short and dairy course students.

Every one of the 71 Badger counties was represented at the university this year. Dane county led with a total of 1,397 students, including 1,016 men and 381 women. Milwaukee county was second with a total of 945 students, including 592 men and 353 women. Rock county sent 257 students.

Twelve other counties sent more than 100 students each, as follows: Jefferson, 169; Sauk, 164; Grant, 164; Sheboygan, 152; Dodge, 149; Winnebago, 141; Columbia, 136; Manitowoc, 111; Douglas, 105; and Brown, 107.

Twenty other counties sent more than 50 students each, as follows: La Crosse, 93; Waukesha, 97; Outagamie, 96; Green, 21; Eau Claire, 89; Marathon, 88; Brown, 86; Monroe, 78; Winona, 74; Dodge, 74; Kenosha, 70; La Crosse, 69; Chippewa, 66; Wood, 64; Langlade, 57; Clark, 57; Trempealeau, 55; Ashland, 32; Juneau, 31; and St. Croix, 31.

Twenty other counties sent more than 25 students each, as follows: Marinette, 39; Vernon, 48; Waushara, 45; Fond du Lac, 47; Sheboygan, 45; Calumet, 44; Waupaca, 41; Washington, 41; Jackson, 36; Door, 26; Dunn, 26; Buffalo, 35; Lincoln, 34; Keweenaw, 32; Pierce, 32; Barron, 31; Crawford, 30; Oconto, 29; Green Lake, 26.

Counties which sent less than 25 students each are: Forest, 25; Washburn, 25; Marquette, 22; Price, 22; Rusk, 21; Iron, 19; Taylor, 18; Pepin, 17; Sawyer, 17; Ozaukee, 16; Bayfield, 15; Oneida, 15; Vilas, 14; Florence, 11; Adams, 10; and Burnett, 4.

Shook, Alleged Auto Thief, in Further Trouble

Floyd L. Shook, for whom a warrant was issued in Rock county three years ago for taking an automobile in Beloit without consent of the owner, has been indicted by the Winnebago county grand jury on two statutory charges. Shook is out on parole from the Illinois reformatory at Joliet, where he was given an indefinite sentence.

He is declared to be the ringleader of a group of men who have been indicted on statutory charges resulting from an investigation of relations with young girls 14 and 15 years old in a Rockford office building where Shook rents a room.

Beloit, April 20.—S. G. Dunwiddie said here Monday that at the time Shook was arrested in Rockford, before the warrant against him could be served for local authorities, an understanding was reached that the charges in Beloit would not be pressed if the man was given a stiff sentence in Illinois. This, he understood, was done, and unless the complainant withdraws his charges will not be pressed, Mr. Dunwiddie said.

Shook, together with the others indicted by the grand jury, was to be arraigned Tuesday at Rockford before Judge Carpenter. Their trials will be held May 4.

Sampica Closes Shop, Leaves City

Another chapter in the troubles which have fallen to the lot of Sampica brothers, Jamesville and Beloit tailors, is opened with the departure of Clarence M. Sampica from Jamesville a week ago, after hastily closing up his tailor shop at 5 North Main street.

Mrs. Sampica, living at 224 Fourth avenue, an old and lame widow who is but deaf, said that she had instituted divorce proceedings as was reported. Sampica left Jamesville April 13.

The brothers, Clarence and John L. Sampica, married sisters, Maude L. Sampica, secured divorce last November from John, whom she declared was at that time prohibition agent at Buffalo, N. Y.

Garfield Avenue Sewer Completed

Work on the 20-inch storm sewer on Garfield avenue, extending from Court street to Prospect avenue, was expected to be completed some time Tuesday, City Engineer Joseph Luster reported. The job has been carried out by city employees under city supervision.

It is possible that the next work undertaken on the 1924 storm sewer program will be the laying of a 30-inch mud on St. Mary's avenue, from Milton avenue to Caroline street. The Garfield avenue main opens into the Court street storm sewer and has its intake in the latter street.

At night it is keeping cost accounts of what the city is spending for storm sewers, street sweeping, flushing, maintenance, rolling and a score of other operations.

Check-Up Shows Fireman Has 15 Percent Disability

Dr. Fred B. Welsh, city health officer, has made a physical examination of Verne Bleile, fireman at No. 2 station, and finds he is suffering a 15 per cent permanent disability in his left hand and wrist. This finding corresponds with one reported to the insurance commissioners, by Dr. Welsh's physician and practically assures payment to him by the city of some \$500 as compensation.

Bleile injured his wrist while fighting a fire in the Roselli grocery last July and was laid up six weeks. While he was put full time by the city while he was off duty, the commissioners paid him the equivalent to the extra amount because of suffering partial permanent disability.

The council is expected to vote payment to the fireman at the next meeting April 28.

KANSAS FARMERS BUY DAIRY CATTLE

TOPEKA—Carl Carlson, agricultural agent of Ellsworth county, Kan., has been visiting the farmers of this section for the purpose of securing several carloads of grade Holsteins which are to be used as foundation stock in northwestern Kansas. Carlson reports that the farmers of his county are enthusiastic buyers of what Carlson is offering, although they were hard hit last year by the low price of the meat. They hope to protect themselves by establishing dairying as a side line.

PORTO RICANS FOND OF RICE. San Juan, Puerto Rico—Porto Rico is a rice-eating population. It consumes 12 pounds per capita, or approximately one-third of a pound a day for each man, woman and child. This is an increase of 16 pounds per capita over 1922. The rice consumption in the United States averages about five pounds a year for each inhabitant.

Porto Rico is keeping cost accounts of what the city is spending for storm sewers, street sweeping, flushing, maintenance, rolling and a score of other operations.

Janesville Seems Certain of Next St. P. Pin Meet

Copyright 1920, by Geo. McManus.

BOWER CITY LEADS BY 29 TO 5 VOTE; MEADOWS HITS 570

THE JANESVILLE polo association has made its decision in regard to opening the new polo season next August. In addition, there are three St. Louis stakes. This makes the particular events rather attractive for the horsemen and it is hoped that the advance is a step toward larger purse next year with faster events. The events are presented greater size, retain the present, and attract more people to the games. If they are to be held in Janesville, they are indeed attractive enough to the residents outside of Milwaukee, there is no racing plant in Wisconsin that can equal Janesville. The local plant can be made more attractive as the Green city. In times past this has been a harness fair—the Lexington of the North. It is good to see those in charge starting once again to look for that time.

JILL LATHROP is back from training in the sunny south. He's quite sure that the Kenosha Simmons team is going to stretch him up again this year in the Midwest like he did last year. The start the Redheads got yesterday at Chicago looks good. Four wins, one loss and each was won two hearings. It is worth remarking here that when the team got to Dawson Springs, Ky., Lathrop was the only pitcher in shape. That came from his constant work in the gym of the Janesville Y. M. C. A. Jill was able to take it easier than the rest of the lads.

THE MOST distressing piece of news that has been received in recent days was that story that Baby Ruth lost his temper last Saturday and was banished from the game. The Sultan had three strikes called on him and he didn't like it. He said to the manager, but the man was not enough to let the hot words pass. Then the Bambino threw his bat in the air and when it came down nearly hit the opposing pitcher. For that little trick he was banished from the park for the day. That was just the sort of action that caused the writer to like Ruth even more to remark that Ruth may not stand or before his home run record this year. After a year of good behavior in which he won the praise of every one, it will be a shame if Ruth forgets himself by a display of bad humor.

Charles Paddock, star sprinter, left Los Angeles for Des Moines, to appear in special races of Drake relay Saturday. Scores:

Glants won 5th straight, making followers of other teams, when he led on thundering pace to staff to block Metropolitans past to another neutral. The 10th meeting Boston, 2-4, Boston held Braves to seven hits. Spaulding pitching by Beale, Dean and Hinze, all youngsters, combined with effective hitting by Groh and Friesch, all youngsters, combined with effective hitting by Groh and Friesch, have semi-champions leading ahead. Glants beat Jess Barnes after he was apparently on his way to one-sided victory. Boston, however, in eighth led 10-4, and Dean and Friesch battled on in ninth. Glants made four hits. DeBeque, Brooklyn catcher, hit home with two on. In 10th and Robins defeated Philadelphia, 7-4. It was third extra inning game of four played in Philadelphia this season, and second 10 inning contest for Carlson. After playing the half for eight hours, Alexander weakened and Cleveland's fighting team beat Cubs, 2-1 in 10th after 10 hours in 9th. Atton, who gave Cubs only four hits—Pittsburgh played another close game, leading Cards, 11-9. Each team used three pitchers. Cooper being one of Cards' pitchers. Blades, Cardinal outfielder, hit home, but lost Washington, 4-3. DeBeque drove to winning home. Both went hitless—but still allowed Red Sox only five hits and Philadelphia shut out Boston, 4-0. Detroit-St. Louis and Cleveland-Chego games postponed by rain and Tigers and White Sox continue in the first. Rabbit, White Sox rookie outfielder, sent back to Muskogee, Okla., following suspending. House of Cardinals, champion National League, started her record by winning three hits, one a triple, in three times at bat. Zack Wheat, veteran Brooklyn outfielder, unable to play for week, because of attack of bronchitis.

Milton Sluggers Beat St. Mary's in Hot Contest

[SPECIAL TO THE GAZETTE]
MILTON—The amateur pitching of Cashore and the slugging of his mates, gave the Milton Sluggers a 16 to 2 victory over the St. Mary's team of Janesville here Sunday. The Lower city lads held Milton to a 1-0 score for six innings owing to the twirling of Grobel.

Winneshiek Land Saved

Washington.—By a decision of the supreme court on Monday the Winneshiek bottoms were preserved, at least temporarily, for Wisconsin sportsmen. The court denied the application of the Crawford county drainage district to the supreme court for a writ of certiorari to the supreme court of Wisconsin, which would have permitted drainage of the bottom lands for agricultural purposes.

The supreme court held with the supreme court of Wisconsin that the Winneshiek bottoms were, in a sense, navigable waters of the Mississippi river.

The decision of the court, 11-14, was upheld by friends of the Hawes bill to buy the Mississippi bottom lands from Rock Island, Ill., to Lake Pepin, will have the effect of speeding up recommendation of the legislation by the house agricultural committee.

Shortly after the decision was handed down, the legislature, which the committee some time this week would vote upon the bill without amending it, the measure drawn would appropriate \$3,000,000 for the purchase of the land as a permanent wild fowl and fish preserve.

Where Is Shocker?

St. Louis.—Business Manager Bill Eriel of the St. Louis Americans, after a telephone conversation with Manager George Sisler of the Browns, expressed the belief that Urban Shocker, star twirler who is said to have disappeared after Saturday's game in Detroit, has not deserted the club, but is going to the hotel or in that in that in that of a bad cold he had contracted.

Shocker was knocked out of the box by Detroit on Saturday and it was said, had not been seen since that time.

Fried added that he knows of no relevance that Shocker might be holding against the club, and stated that Manager Sisler intends to give the pitcher ample opportunity to explain his absence before taking action.

Detroit.—Urban Shocker, star pitcher of the St. Louis Browns, who left the club's headquarters here Saturday, went directly to his sister's home here in Detroit. Manager George Sisler sold Tuesday, in belittling reports that the ball player had deserted the team.

Crowd Waits; Clein Fails

Better than 50 fans gathered at the old high school, Monday night, to get a chance to see Joey Klein work out. But Joe did not show up as had been expected. Probabilities now are that he will not get here until Wednesday night.

Fried added that he knows of no relevance that Shocker might be holding against the club, and stated that Manager Sisler intends to give the pitcher ample opportunity to explain his absence before taking action.

The fight comes off at 8 p. m. Wednesday in the stock pavilion at the local fair grounds. The junior lightweight title of Wisconsin will be at stake. A win for Klein means a rematch, says Promoter Frank Mulherin, with Benny Bass at Philadelphia. A win for Azzarelli will give him an opening into the big stuff in Milwaukee.

Ebby worked with Eddie Hill Monday night, to incite the crowd.

1,000 Men Said

That this is what all men
desire in Shaving Cream

By V. K. CASSADY, Chief Chemist

Gentlemen:
We asked 1,000 average men what they most desired in Shaving Cream.

Most of them agreed on five things, and we set out to meet their ideas.

We are experts in soap making. Some of our creations are the greatest of their kind. One is the leading toilet soap of the world.

We brought to bear all that skill and experience. But we made up and tested 130 separate formulas before we were satisfied.

The result is the greatest success ever known in this field. Men have flocked by millions to Palmolive Shaving Cream.

We know of nothing which ever so changed men's habits in so short a time.

These Five Ways

Palmolive Shaving Cream meets your ideals in these five important ways:

- 1—It multiplies itself in lather 250 times. A tiny bit suffices for a shave.
- 2—It acts in one minute. Within that time the beard absorbs 15% of water.
- 3—The lather maintains its creamy fullness for ten minutes on the face.
- 4—A clean shave results, for the extra-strong bubbles hold the hairs erect for cutting.
- 5—The palm and olive oil content brings fine after-effects.

Do a kindness to yourself and us by making this free test. It will change all your ideas on Shaving Cream.

To add the final touch to shaving luxury, we have created Palmolive After Shaving Talc—especially for men. Doesn't show. Leaves the skin smooth and fresh, and gives that well-groomed look. Try the sample we are sending free with the tube of Shaving Cream.

There are new delights here for every man who shaves. Please let us prove them to you. Clip coupon now.

WALWORTH COUNTY

ELKHORN

MRS. GRANT HARRINGTON,
Elkhorn—Oliver J. Lee, of the Verke Observatory staff, Williams Bay, gave a travel talk at the Kiwanis club, Monday. The club voted to make the city council in the establishment of a new site of a tourist camp for Elkhorn.

Howard Wheeler has installed his own gas pump on East Walworth street.

The marriage bands of Mama Kennedy, daughter of Edward Kennedy, and James Rosa were read in St. Patrick's church, Sunday.

Mr. and Mrs. Harry Ames, Geneva, and their son of an 11-pound daughter, born Sunday, April 20.

G. Lehman* of the Princess Annex expects to have the upstairs painted and fitted up for club and private parties, ready for engagements in two weeks.

The funeral of Clarence Boyce, 73, was held at 2:30 p. m., Monday at his farm home, town of Elkhorn. The Rev. Ralph Mays conducted the services with burial in the Elkhorn cemetery. Mr. Boyce would have been 79 in July and lived his life on the farm which his grandfather, William Boyce, took up from the government. Clarence Boyce was the last of his family, leaving no male relatives. His wife, Carol, died in 1917, and his wife, Mrs. Mary McConnell, visited the Elkhorn and splendid programs given.

The cantata, "The King Triumphant," at the Congregational church, was given in an appreciative spirit that reflected credit on Mrs. Frank Holton, the director. The solo and part songs gave a finish to the choruses and one of the most effective was that sung by Mrs. William Clinton. This cantata will be repeated in two weeks. Another cantata, directed by H. D. L. Atkins, at the Methodist church, Sunday evening, made a fitting climax to the day. The title was "The Resurrected Morn." The following persons were received into the Congregational membership: Messrs. and Mrs. Herbert J. Cushing, George Van Vechten and Mrs. Cushing, Mrs. George Herold, Harry Collins, Sidney K. Herold, Samuel D. Fox, and Hazel Buchholz. The Methodist church, in reception of members, received Mr. and Mrs. T. W. Simmonds and five young people on probation.

Messrs. and Misses W. T. Sherman and G. Patchen Millard attended the Easter cantata at the Congregational church, Sunday.

Misses Ethel Kline and Lila Lauderdale were among those in this vicinity who attended the Apollo club concert given by Florence Macbeth, lyric soprano, at Janesville, Saturday night.

Dr. and Mrs. Whit Lyon and family, Chicago, were week-end guests of Mrs. J. E. Lyon and family.

Misses Margaret Warren attended the funeral of Mrs. Warren's grandmother in Chicago on Saturday.

Mrs. Elizabeth Nibley Thilo, 88, a pioneer of Chicago. The funeral was held at St. Paul's Lutheran church, where Mrs. Thilo had been a member 77 years. Mrs. Warren spent 10 days in the city previous to her grandmother's death.

Mrs. Ethel Stubbs and daughter, Oliver, were Elkhorn visitors, Saturday.

Mr. and Mrs. Millard Mills and Miss Catherine, a teacher in Elkhorn, visited relatives in Elkhorn on Easter.

Mr. and Mrs. Monroe Schwabach, Menomonee Falls, and Pearl Spitzer, Milwaukee, were week-end guests of their home folks.

Miss Neil Ring returned to Elkhorn, Monday, after spending four days in the home of Mr. John Dethrick and Mrs. Morris Steele.

Mr. and Mrs. D. F. Kellher spent Monday and Tuesday in Milwaukee.

Mr. and Mrs. Birney Davis, North Geneva, spent Easter with Mr. and Mrs. Loren Davis and family, Janesville.

Messrs. and Mrs. J. J. Wadsworth and Robert Bolton, Zenith, were Easter guests of Mr. and Mrs. Edward Bolton, Sugar Creek.

Mr. and Mrs. Herman Gredler and son, George, Chicago, motored out Saturday and spent Sunday with Mr. and Mrs. George Ellerott.

LABOR OPPPOSED TO DAWES IN PARTY

Advocacy of Open Shop Aroused Animosity Toward "Hell in Maria."

By DAVID LAWRENCE
Copyright 1924 by the Janesville Gazette-Special Correspondence

Washington—Organized labor is up in arms over the suggestion that Charles G. Dawes be made temporary chairman of the republican national convention or possibly the vice presidential nominee with President Coolidge.

Labor's fight against General Dawes dates from his notable visit a year ago to the state of Florida when he disclosed the need for the "open shop" in America. Mr. Dawes subsequently issued to the press a document which gave the lie to his contention that he had endorsed any program of open shop.

Coach Ryan and Assistant Coach Stenzel, however, give the lie to their contention that their spans training work. Martin Below, last year's captain, and Guy Stundt, recently signed assistant coaches, are not expected to report for work until next fall.

Harold on Hand

Jack Harris, captain of the 1923 Badger eleven, was on hand and took the lead in preliminary try-outs. Coach Ryan, however, said he had endorsed any program of open shop.

On the return of Mr. Dawes to Chicago an organization known as "The Minute Men of the Constitution" was launched with members supporting the induction obtained by Attorney General Daugherty in the shopmen's strike. The file has continued to increase and is now over twenty, including the names of others, when Joseph A. Wise, candidate for delegate-at-large to the republican national convention, wrote a letter endorsed by the Illinois State Federation of Labor. The communication was sent to the secretary of the Minute Men's organization and said in part:

Opposed to Dawes

"I elected a delegate who will not accept the personal views or platform of Mr. Charles G. Dawes, chairman of the board of the banking corporation known as the Central Trust company, as a substitute for the basic law of the land, even though Mr. Dawes has stated that he is opposing the socialist Minute Men of the Constitution, his former title of 'General' in the quaternary's department of the army should be used and that no reference be made to his well-known financial and political affiliations."

"His so-called platform, I repeat, was made public by the socialist organization with Attorney General Daugherty in Florida and the words endorsing the announced position of the government with reference to the so-called right to work and right to quit, relate to the official position of the present government or administration in regard to labor as officially announced by Attorney General Daugherty in his statement before Judge Wilkerson in the federal court in this district where he procured the arbitrary injunction against the railroad workers then on strike. ***

Not Promoting Open Shop

"Later Mr. Dawes amended the circular through which he had been broadcasting his platform by inserting the words 'not to be used' when not promoting an 'open shop' scheme. It seems to me significant that you omit his statement on this point when you present his platform on private constitution to me for endorsement. When he offered his explanatory statement, however, Mr. Dawes was overjoyed to find in his speech, 'the socialist' minute men of the Constitution' his former title of 'General' in the quaternary's department of the army should be used and that no reference be made to his well-known financial and political affiliations."

"The world knows that I repeat, was made public by the socialist organization with Attorney General Daugherty in Florida and the words endorsing the announced position of the government with reference to the so-called right to work and right to quit, relate to the official position of the present government or administration in regard to labor as officially announced by Attorney General Daugherty in his statement before Judge Wilkerson in the federal court in this district where he procured the arbitrary injunction against the railroad workers then on strike. ***

Not Declining Minus

Inquiry was made whether House rejected the fact that no decision had been made by President Coolidge with reference to the temporary chairmanship of the republican national convention. Many names are under consideration. No comment was made on the suggestion that General Dawes be chosen. It seems unlikely, however, that the Coolidge administration would be inclined to become embangled in the "open shop" controversy on the eve of a presidential campaign, as it is usually considered better strategy to avoid unnecessary antagonism in election year.

FOOTVILLE LODGE

MEETINGS OF WEEK

The Catholic Ladies will give a card party, and on Thursday afternoon, the Methodist Ladies will hold their Easter sale with a supper and program. On Thursday evening, the local group of King's Daughters will meet with Mrs. Eleanor Purnell, Thursday p.m.

JANESEVILLE GIRL AGAIN HONORED

One of the six juniors elected to the Phi Beta Kappa, national honorary fraternity, at the University of Wisconsin, is Miss Esther G. Fife, daughter of Mr. and Mrs. Charles L. Fife, Janesville. Only students in the college of letters and science are eligible to membership.

Forty-eight Phi Beta Kappa Keys were awarded and included in the seniors awarded laurels is Mary J. Burckhardt, Footville.

Clara Frank, editor of the Century magazine, will give the annual address of the Phi Beta Kappa May 1.

NEW ORLEANS HAS REPUBLICAN SLATE

New Orleans' right vote was cast in the election to nominate candidates to formally ratify the nominations for all state and parish offices and the legislature made in the recent democratic primary. Henry L. Pugh, former governor, was the successful candidate in the primary.

For the first time in 16 years the republicans nominated a candidate for governor. Lieutenant Governor J. S. Milliken was the candidate. The republican opposition was not taken seriously, the principal purpose of the leaders in putting up candidates being to hold the party names.

TOURING CAR IS FOUND ABANDONED

Montello—A touring car owned by J. D. Acheson, Montello, was found abandoned on one of the one-mile roads south of Montello, where it had crashed through a wire fence.

Spring Football Practice Called Monday at U. W.

Madison.—Football entered the athletic stage at the University of Wisconsin Sunday, Monday afternoon when Coach Jack Ryan called the roll of his criterion warriers for the opening of spring practice. Nearly two score of veterans from last fall's squad and candidates from the freshman and second teams answered.

Coach Ryan and Assistant Coach Stenzel gave the signal to give the first candidates their span training work.

Marlin Below, last year's captain, and Guy Stundt, recently signed assistant coaches, are not expected to report for work until next fall.

Asks Tax Reform

The same law requires the adoption of a sound method of taxation, he asserted, adding that "the success of the government does not lie in its right to the revenues it may be able to get."

Carrying the law of service to administration of America's foreign relations, the president traced the law's exemplification in the Spanish-American war, which he said, "left a bad record in the public mind."

Below, Nichols and Pantaleo will be missing from the line-up.

Below returning to the backfield, says, "The Badgers are coming up from the freshman team, however, coaches expect the Badgers to be the best team this year, and the Badgers will be the best team in the state."

Stenzel, Rodke, Gatzl, Ed. Williams, Harvey Holmes and the Harmon brothers.

Nelson and Blackman, 1923 ends, will be back on the squad and Paulski, 1922 star, is scheduled to return and make a bid for a pivot post.

German, Luehrs, Luehrs, and

Wolff, candidates for next fall, will be the new candidates.

Demands for Relief

Toughing the financial difficulties, the president asserted there is a general demand "for every possible relief from the burden of unnecessary taxation."

"We are not withstanding this, minor groups of one kind or another, and organizations, sometimes almost nationwide in their ramifications, are making their demands for relief upon the public treasury," the president said.
